

PRODUCT SPECIFICATION

Partition-mounted sanitary napkin disposal (serves two toilet compartments), Bobrick ConturaSeries® Model B-4354.

Partition-mounted sanitary napkin disposal shall be constructed of 22-gauge (0.8mm), type-304 stainless steel with satin finish. Unit shall mount in partition and serve two compartments. Front of sanitary napkin disposal doors shall have same degree of arc and match other Bobrick ConturaSeries® accessories in the washroom. Radius on all corners and edges of flanges and doors shall be complementary and match other Bobrick ConturaSeries® washroom accessories. Flanges and sanitary napkin disposal doors shall be drawn, one-piece, seamless construction. Sanitary napkin disposal doors shall be secured to cabinet with a full-length, stainless steel piano-hinge at bottom. Self-closing doors of napkin disposal shall be equipped with international graphic symbol identifying usage and stainless steel cable door-swing limiter. Disposal doors shall pull down with less than 5 lb force (22.2 N) to comply with ADA Accessibility Guidelines (ADAAG) requirements. Napkin disposal shall be furnished with a removable, molded, leak-proof polyethylene receptacle. Receptacle shall have a capacity of 0.7-gal. (2.7-L).
