

PRODUCT SPECIFICATION

Heavy-duty clothes hook with concealed mounting, Bobrick Model B-211 or B-2116 (exposed mounting).

Heavy-duty clothes hook with concealed mounting shall be one-piece brass casting with satin nickel-plated finish. Concealed mounting plate shall be 12-gauge (2.8mm) case hardened steel. Clothes hook shall lock to wall plate with three stainless steel setscrews. Unit shall withstand 300 lbs (136 kg) downward pull when properly installed.

For unit equipped with three exposed countersunk mounting screw holes, specify Bobrick Model B-211.
