

## PRODUCT SPECIFICATION

**Surface-mounted toilet tissue dispenser with hood, Bobrick Model B-6699 (bright polish), B-66997 (satin).**

Surface-mounted toilet tissue dispenser with hood shall be constructed of type 304 stainless steel with (select one: bright polish or satin) finish. Shell and flange shall be 22-gauge (0.8mm) and have drawn, one-piece, seamless construction. Skirt shall be 22-gauge (0.8mm) with all-welded construction. Unit shall be equipped with one chrome-plated plastic spindle having a heavy-duty internal spring. Spindle shall accommodate one standard toilet tissue roll up to 5-1/8" (130mm) diameter (1500 sheets). Unit shall be furnished with 18-gauge (1.2mm) hood hinged to shell and be furnished with plated steel mounting clamp for installation in stud walls or countertop aprons.

To specify theft-resistant spindles, Part No. 283-604 available as an option.
