

## PRODUCT SPECIFICATION

### **Mop and broom holder, Bobrick Model B-223.**

Mop and broom holder shall be constructed of type-304 stainless steel with satin finish. Shelf shall be 8" (203mm) deep and have 1-1/2" (38mm) return for maximum rigidity. Unit shall be equipped with replaceable, spring-loaded rubber cams that will securely hold handles from 7/8" to 1-1/4" (22 to 32mm) in diameter.

Available lengths:

24" (610mm) with 3 holders

30" (760mm) with 4 holders

36" (915mm) with 4 holders
